Online Business Banking

Banking for a more efficient business.

Banking online means less time running to the bank, and more time running your business. Additional services from Dime Community Bank for business, make staying on top of your accounts easy¹. Control spending by receiving alerts about your card usage, and ensure that employees are following company spending policies. Dime also has the right cash management solution for businesses that process a large number of payments by mail. Positive pay helps you protect your business against check fraud and improve operational efficiency through automatic check reconciliation. Automated Clearing House (ACH) services help you process your credit and debit transactions without the cost and time related to paper checks. Manage and monitor your accounts securely, check your balances and transaction histories, and transfer funds securely between Dime accounts all from your smartphone².

Smarter solutions for you.
